Spanish Classes.... Beginner, Intermediate & Advanced Live The Language

Grades K-6

Join us once a week for adventures, games and activities. Spanish is fun when it involves storytelling, crafts, cooking, dancing, and songs. We all become seasoned world travelers when we explore other cultures together in this unique program. It is also a great preparation for the foreign language classes offered later at OHES. First implemented in Ann Arbor, this program offers more than just a "taste" of a foreign language. It uses hands-on learning to really engage younger learners and help them actually acquire a second language. **Beginners** need no Language experience. **Intermediate** must have had previous class (teacher will evaluate) **Advanced** lessons are for children who understand & speak the language. This takes the students to the next level.
